Fiscal Court lowers tax rate

At the August 8th Fiscal Court meeting, the tax base for the 2012-2013 budget was lowered from 0.402 to 0.401. According to Judge Executive Earl Bush, the lowering will afford the county close to the same amount of revenue as last year. It is actually in keeping with the previous year, where the 2010-2011 rate was lowered from 0.403 to 0.402 for the 2011-2012 fiscal year budget.

The flash flooding experienced on Holts Creek on Sunday, August 5th was also a topic of discussion at the meeting. The nearly 5 inches of rain that fell in close to an hour, found Holts Creek leaving its banks and following the path of least resistance into areas that had previously not experienced the amount of flooding that was wide spread after that weather system moved out. Judge Bush said the area had recently been cleared of brush, but with the torrential rains, rocks and branches from other areas were brought to Holts Creek and the culverts around it with the fast moving water. In looking at pictures taken during the flooding and the following day, Judge Bush was glad no one was seriously injured or killed as a result of the flash flood.

In like business, the repair work on the Hillsdale Road is complete and work will begin on Mattox Road.

In other business, the Magistrates will hear the second reading of the proposed extension of alcohol sales at the next regular meeting of the Fiscal Court on Wed., Aug. 22 at 10 a.m. in the courtroom of the courthouse.

Franklin Sousley 1925-1945

His full name is Franklin Runyon Sousley and he was born in Flatwoods, Kentucky. After high school in his native state he began his working life at General Motors in Dayton, Ohio. In 1944 he became a marine and started his service in California at Camp Pendleton.

His status was as an automatic rifleman with company E, Second Battalion. Twenty-eighth Marines of the Fifth Marine Division.

In September 1944, he and his battalion were shipped to Hawaii where he underwent more training and was promoted to private first class. He "was in the invasion force that landed on the Japanese-held island of Iwo Jima on February 15, 1945. Sousley was among the combat marines who took Mt. Suribachi after bitter hand-to-hand fighting and along with five other marines and one naval corpsman, helped raise a large replacement flag atop the hill so that Joe Rosenthal could photograph the re-created event."

Sousley wrote to his mother just before he died that his regiment had captured the hill but it was not easy. He had no idea that war was like the horrible scene he witnessed on that battlefield. "Look for my picture because I helped put the flag up. Please don't worry and write."

The flag raising was a high point in the war but before Sousley and other marines could be transferred, he was killed by a sniper, dying a few minutes after he was shot near Kitano Point. He was interred in Iwo, but in 1947 he was reburied in Kentucky near where he was born.

"Flags of Our Fathers" a Clint Eastwood film from 2006 shows Sousley. When it was discovered that his tombstone made no reference to his war efforts, money was collected to erect a monument befitting the heroism he had shown. So, in 1995, on the fiftieth anniversary of the Mt. Suribachi flag raising, a Kentucky marine was honored at his grave.

"Carrington Rock, Source of Legends"

During the Civil War period, we tell about how people traveled either by horseback or buggy and used pine torches at night to find their way.

Eliza Carrington told of a soldier camp during the Civil War at the foot of the Carrington Rock. These soldiers were hemmed in at the rock and went without food and water for three days.

Finally, they became so thirsty they prayed for water and a clear, cold stream began to gush from under the rock. They caught enough to last until they were released from the camp.

Once, a group of Rebel soldiers were viewing the rock and a group of young people waved a Union flag from the top of the rock. The soldiers all spurred their horses at the same time. The soldiers rode to the foot of the rock and they climbed up and demanded the flag!

But, while they were climbing the rock, Fannie Carrington (Eliza's sister, who was there also) hid the flag under the top skirt of her dress. The soldiers kept demanding the flag, but all the young people would say is, "I don't see it! Do you see it?"

Finally, the soldiers left the rock and then the youngsters came down too. They still had the flag. Eliza Carrington was the daughter of James Carrington, who operated a tan yard at the foot of Carrington Rock.

Cemeteries to receive flagpoles to honor deceased veterans

The Bracken County Veteran's Memorial Association have been busy purchasing and placing flagpoles at Bracken County cemeteries lacking flagpoles, where veterans are buried. On Sat., August 4th, they placed a flagpole in the Owens Cemetery between Mattox and Stump Road. Flagpoles were also placed in the Pleasant Ridge Cemetery on Perkins Ridge and the Asbury Cemetery on the Parina Road this past Saturday, August 11th. Of the 38 cemeteries in the county containing veterans graves, eleven or twelve were lacking flagpoles. The group makes it their mission each year to place flags on all the graves of our veterans. Most recently they were placed for the Memorial Day holiday.

They are constantly raising money to benefit a large project each year. After the flagpoles are all placed, they will be working toward military plaques for veterans' graves not having them. The military plaques are ordered by the funeral home with the proper paperwork, namely

the veteran's DD214, at the time of their death. The family is then responsible for the setting of the plaques. Many families are actually in possession of the unset plaques. For information on how to

obtain a military plaque, to get help setting your veteran's plaque, general information on the group, or to make a donation, contact Ellen Holleran at 606-782-1075.

Two Minutes WITH THE BIBLE by Cornelius R. Stam, Founder Berean Bible Society PO Box 756 Germantown, WI 53022

THE ONE ESSENTIAL THING by Cornelius R. Stam

The place of the Word in the life of the believer is settled once and for all in the inspired record of one of our Lord's visits to the home of Mary and Martha (Luke 10:38-42).

Commentaries on this passage generally point out that both Mary and Martha had their good points! This, of course, is true, but if we limit ourselves to this observation we rob the account of its intended lesson, for our Lord did not commend both sisters for their "good points." He reproved Martha and commended and defended Mary with regard to one particular matter.

What, exactly, was Mary commended for? How often she has been portrayed as an example to us to spend more time with the Lord in prayer! But this is missing the point of the passage. Mary was not praying; she "sat at Jesus' feet, and **HEARD HIS WORD.**" She just sat there, drinking in all He had to say. This was "the one essential thing" which Mary had "chosen" and which our Lord said was not to be "taken away from her." Thus, while prayer and testimony and good works all have their importance in the life of the believer, hearing God's Word is "the one essential thing" above all others. Indeed, let this "one thing" be given its rightful place and all the rest will follow naturally.

It is granted, of course, that we must study the Word prayerfully and with open heart, or it will have disastrous, rather than beneficial results, but this only goes to place still further emphasis upon the supreme importance of the Word of God, which we seek, by sincere and prayerful study, to understand and obey.

Eye to Eye

with David Blandford, M.D.

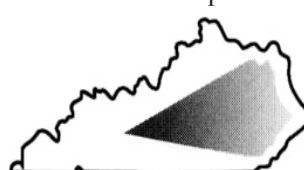

A CHILD'S VISION DEVELOPMENT

At one month of age, babies can briefly focus on objects up to three feet away. At two months, infants can also track moving objects, and their visual coordination and depth perception continue to improve. At three months, babies have the ability to control their arms and hands to the point where they can grasp near-by objects. If a baby is unable to focus on and track objects at this point, an eye exam is recommended. Distance vision as well as focus, tracking, depth perception, and other aspects of vision should continue to improve throughout early childhood. By age seven, the ability of both eyes to focus on an object simultaneously (convergence) should be more fully developed.

This informative column has been brought to you as a public service. A comprehensive

medical eye examination and appropriate treatment by an ophthalmologist is the best protection against any eye damage. Your eyes are special and deserve the best care. Let us at **KENTUCKY EYE INSTITUTE** provide this care for you. Let our experience and knowledge work for you. We're located at **1937 Old Main St., Suite 1, Maysville**, where we like to stress the importance of periodic eye examinations. Please call **606-759-7883 or 800-658-7282** to schedule an appointment. We specialize in **"EYE CARE FOR ALL AGES"**.

P.S. It is important to treat a child who has problems focusing or aligning his or her eyes before age seven.

BERLIN BAPTIST

by Karen Cooper

We invite all to come and worship with our family of believers. Sunday services begin with Sunday School at 10 a.m., morning worship at 11 a.m. and Sunday night services are held at 7 p.m. Message by Brother Dan Black.

This past Sunday Brother Fred Workman brought the morning and night service message. Sunday morning Brother Fred's message was taken from Philippians 2:9-11. Brother Fred pointed out that in our world we honor many people and this is acceptable, but the one person that deserves our highest honor is our Lord & Savior Jesus Christ. We honor Jesus by bowing humbly before him and allowing him to come in our hearts. The day will come when every knee shall bow and every tongue shall confess that Jesus Christ is Lord; on that Day of Judgment it will be too late for some. Don't let it be too late, allow Jesus to reside in your heart and honor His name in all that you do.

GREETINGS FROM ST. JAMES

by Caroline Jefferson

While this message will be too late for some, today (Wednesday, August 15) is the Feast of The Assumption of the Blessed Mother and a Holy Day of obligation. Mass at St. James is at 7 p.m. Fr. Bach will also be celebrating Mass this Friday evening, August 16 at 7 p.m. and we encourage our parishioners to take advantage of this opportunity to pray and worship as a church family.

Anyone interested in learning more about the Catholic faith can contact Fr. Bach or Ms. Debbie before Mon., Sept. 17. RCIA (Rite of Christian Initiation of Adults) Classes will begin in the St. Augustine Rectory at 7 p.m. on that date. This is also an excellent class for Catholics to attend to review and renew their faith.

Molly Schultz and Tara Wilson have extended their appreciation to the parishioners who recently supported the St. Augustine/St. James Relay for Life Team. Donations can still be dropped into the Sunday collection by the end of August to add to the more than \$3,000 raised thus far by the team. May God bless those who suffer daily from the effects of cancer and we pray a cure will soon be found to aid the victims of cancer.

NEW LIFE FELLOWSHIP

by Beverly Whittaker

Pastor Jeremiah Hansen was teaching about God is generous in the Adult Kingdom Builders Class. We have been studying who God is. Angela Tucker sang the special this Sunday, August 12 entitled "Never Out Of His Care". Jesus is always with us, no matter what trials we may be facing. Pastor Doug's message was on the 5 spiritual ingredients of some people in the Bible that made life worth living; they trusted God's sovereignty, never gave up their faith, were living & working for God, knew their time was limited, and kept eternity close to their heart.

We still need some people to help pick up trash along the highway. Also the youth will be bagging groceries Oct. 6 from 11-5 p.m. at the County Market. Let Pastor Doug know if you can help in this way. We have many needs in our community, our country, and our church.

We invite you to our Wednesday evening fellowship at 6 p.m. and prayer service at 7 p.m. Kingdom Builder's classes for all ages begin at 9:30 a.m. and praise and worship at 10:30 a.m. Remember God loves you and so do we! Have a wonderful week.

Learn how to develop guardrails for our lives at PCC

Guardrails? They're everywhere in this neck of the woods, because there are some pretty dangerous roads that we travel. No one complains about them, because they not only direct us in our traveling, but also protect us from serious damage. It's the same way in our walk through this life. To avoid dangerous territory and regrets in life, there are some guardrails that we can set up to help direct us in the right way, and to protect us from those mistakes.

Join us at Powersville Christian Church over the next few weeks as we begin developing guardrails for our lives that come from the teachings of God's Word. Who knows? This study may keep you from a dangerous place in life, and allow God to direct you to the way that is everlasting. Have a great week! www.powersvillechristianchurch.com.

PRESBYTERIAN POTPOURRI

by Les Grooms, pastor Augusta Presbyterian

We had sixty-five attending worship Sunday. Mary Murray was the worship leader. Susie Hargett led the singing. Shelby England had children's church. Kay Grooms did the power point.

Before worship, we had our monthly session meeting. The business of the church was conducted during this time. Minutes were read, the financial report was given, the insurance for the church was reviewed, and plans for the future were discussed.

We had planned to be on vacation this coming week but we cancelled because of the passing of Betty White. Visitation for Betty White will be Tuesday evening. The celebration of her life will be Wednesday at 2 p.m. in the Presbyterian Church, and after the interment, the family and friends will gather at the church for food and fellowship. Betty will be greatly missed by the community and by the church. I knew that when Betty came to church she would always be ready to be worship leader and she always had a children's message with her. Betty's family showed up to church on Sunday morning because they knew that is what Betty would have wanted. Nothing pleased her more than having her family at church worshipping with her. It is with great sadness that we say good bye to Betty White.

Purchase a Rubber Duck and help Brooksville Baptist feed families

The Brooksville Baptist Food Pantry has partnered with the Cincinnati Free Store Food Bank for the 18th Annual Rubber Duck Regatta on Sunday, September 2. One of every six families in our region is food insecure: a third of those are children. A \$25 purchase to Rubber Duck Regatta feeds a family of four for a week. The Freestore Foodbank serves the hungry in 20 counties across Ohio, Kentucky and Indiana.

Look for the posters around town with the Rubber Duck and pamphlets for you to sign up. We will receive \$2 for every duck. Look for the information to sign up on the internet. For questions call R. Badger 606-735-3268. Your support is much appreciated.

Nearly a half million Americans develop surgical-site infections each year, mainly from staph bacteria.

In 2011, Harrison Memorial Hospital was proud to have a surgical site infection rate of only 1.23% -- one of the lowest in the country. Statistics like these are certainly something to consider the next time you choose a hospital for your surgical procedure.

Go with surgeons you know and trust. Go where you know.

Shelby & Barbara Florer are celebrating their 51st wedding anniversary.

There were 8 children from Chatham that went to Camp Northward this summer. They learned more about Jesus & had a great time.

Jane Nelson played "Tis So Sweet To Trust In Jesus". Little Kaylee Williams, daughter of Jeff & Lori, had a big smile on her face and was clapping her hands as Jane played a peppy piano special of "I Have Decided".

Remember in prayer: Ruth Burton's nephew - Chris Fields, Bob Taylor (gallbladder surgery), Jane Cooper Wolfe (fractured arm), JoAnn Edie, Shawna McKenney, Sammy Linville (had heart surgery), Hord Kabler, Nathan Sandlin (back to work), Cynthia Ramsey - Phil Hedges' daughter, Bobby Anderson, Billy Colemire (hip replacement this wk.), John Cooper (Eagle Creek Nursing Home), Laura Gose (test on carotid arteries), Terry Hall (test), Gary Norris (surgery for brain aneurysm), Rachel Sweet - Ruth Hedges' daughter, Mona Burns (breast ca.), Paula Ruf, Ruby Silvey (kidney stone), Troy Stewart, Davo Simons (aneurysm), Sheila Frist, Gary Cummins, Ron Foley (kidney stone blast Tues.), Steve Perry (ca.), Regina Beach (test), Bradley Gifford (treatments), Toby Jones (fractured hip - rehab at Ohio Valley), Jack McCall (possible heart surgery), Ethan Moore (test for elevated enzymes) - Ruby & Larry Highfield's grandson, Chris Baker, Jeff & Patty Honan's family (lost everything in fire).

Sincere sympathy goes out to all those that have lost loved ones. Keep the family of 4 yr. old Grayson Shepherd in prayer. He died due to a heart condition. Also keep the family of Betty White in prayer.

Jane Nelson, Homer Burton, and John Harmon Henderson blessed us with a beautiful song "God Is Still Good".

We had 24 to Bible Study. Albert & Sandy Blevins and Rosemary Schiltz provided the delicious refreshments. Shirley Young had a surprise birthday cake & ice cream for her husband, Dale, as today was his birthday.

Dr. Wright and Dr. Moses add a new provider to staff

Dr. A.C. Wright and Dr. Stephen Moses are pleased to announce the addition of Jeannie Kilpela, Nurse Practitioner (APRN) to the staff.

A native of Cynthiana, Kentucky, Kilpela is a 1998 graduate of Harrison County High School. In 2006, she received her associate of science degree in nursing from Lexington Community College in Lexington, Kentucky. She received her bachelor's degree in nursing from the University of Phoenix in 2009. In 2011, Kilpela received her masters of science in nursing from Frontier School of Midwifery and Family Nursing.

An Advanced Practice Registered Nurse (APRN) is a registered nurse (RN) who has completed an advanced graduate-level education program and has passed a national certification examination in order to practice in one of four APRN roles (clinical nurse specialist, nurse midwife, nurse practitioner, and registered nurse anesthetist). APRNs are able to diagnose and treat health problems, prescribe medications, perform procedures, order and interpret laboratory tests, counsel patients about health promotion and prevention, coordinate care and refer patients to physicians and other health care providers.

Prior to joining the prac-

tice of Dr. Wright and Dr. Moses in August, Kilpela was employed as a nurse practitioner for Central Baptist Health in a rural clinic. In addition, she was employed by Georgetown Community Hospital and University of Kentucky Chandler Medical Center as an ICU registered nurse.

"We are happy to have Jeannie join our family medicine practice and to be adding another provider to better serve the patients in our community," says Dr. Stephen Moses, Family Medicine physician.

Mrs. Kilpela and her husband, Matt, have two children -- Alyssa and Conner.

To schedule an appointment with Ms. Kilpela, please call 859.234.3282.

The family of Dorothy Perkins invites friends and neighbors to her 90th birthday celebration. This celebration will be Saturday, August 18th, 2-4 p.m., at the Bracken County Senior Citizens Center at 100 Grandview, Brooksville. Stop by with your good wishes and visit with Dorothy and her family.

BCHS Class of '70 to hold reunion

The B.C.H.S. Class of 1970 is having their 42nd class reunion on Saturday, September 22nd. The event will be held at the Clooney Community Center on the corner of 2nd & Bracken Streets in Augusta. Doors will open at 6 p.m., with dinner being served at 7 p.m. Cost per person is \$20.00. Please send payment to Kathy Dorn at 6522 Augusta Minerva Rd., Augusta, KY 41002 by September 10th. Include your mailing address, email address, and phone number to be included in our booklet.

If you have any questions, call 756-2431 for more information. This reunion is being held to honor the last request of Dennis Jones to his classmates. At our last reunion, Dennis suggested that we get together in 2 years, as opposed to our usual 5 years. We even scheduled the date that night, so no one would have the excuse of not having enough notice to make plans. His reason was that since we are getting older, we lose classmates between reunions, and should have more opportunities to get together. A few months later, we lost Dennis and another classmate, Terry Hester. We would like to see a record turnout for this reunion in honor of Dennis' request and in memory of those we have lost. Hope to see you September 22nd!

As is the custom we will have display areas available for you to show and talk about your favorite historical object or picture.

We hope to see you there! More info call Penny Conrad at 859-654-8226 or 859-654-1193

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

606-735-9960

Howdy Folks! It is certainly good that the heat and humidity has been turned down, because we were hot enough under the collar last week when we checked the trailer at Germantown! Last Tuesday we stopped by that trailer to retrieve some recycling so that we could have a full load to take to the Recycling Center. There were four bags of trash in with recycling so we sat them along with some other garbage out along the fence. Our memories being what they are, did not kick in until later Tuesday evening, so the trash was not picked up until Wednesday morning. As expected, dogs or varmints had gotten into the bags to retrieve a midnight snack and in the process had scattered the contents. Our mistake for leaving the tempting trash out, so we put on our gloves and cleaned the mess; however, when we peeked into the trailer, our blood pressure began to rise. Someone from Wolf Run Road had cleaned out a shed, outbuilding, barn or some structure and put floor sweepings, dirt, bags of garbage and debris into the trailer! Any good recycling material under this mess was ruined, so we had no choice but to take the trailer to the landfill to empty!

Perhaps it was for the best because the trailer still smelled badly from the bags of trash that had been removed the day before! There may have been another bag that we missed with food scraps in it, and had it gone to the Recycling Center to be sorted, everyone would have been upset! At least two times a year someone cleans out their refrigerator and freezer and the contents are put into the Germantown recycling trailer. While it is very frustrating and causes much trouble for us and the Recycling Center in cold weather, the smell from old meat, vegetables, and other food leftovers baking in the hot recycling trailers in the summer time, along with the army of green flies, is nauseating to say the least! We so appreciate our many knowledgeable recyclers who take the time to call us when they encounter a mess in the trailers! Some of them

actually take the time to remove the offending trash! Hopefully we will be able to catch the "refrigerator cleaner" and supply them with all types of recycling information!

While last week did have its bad moments, we did receive good news from Frankfort. Our Annual Report is always due into Frankfort by March 1, but because of our son's hospitalization, we were given an extension to April 1. We worked on Saturdays to get the document completed by the April deadline and after a telephone interview last week, we were sent a letter from Deborah Conway, Supervisor of the Local Assistance Section of the Division of Waste Management. Ms. Conway stated, "I am pleased to inform you that Bracken County is in compliance with its 2008-2012 Solid Waste Management Plan. We believe Bracken County does an excellent job with recycling efforts and does an outstanding job of educating the public and abating litter." Needless to say, we were very happy with that letter!

We extend our sympathies to the family of Ms. Betty White and the Augusta School Family on her death. "MaMaw Betty" as she was so affectionately known by all the school was an inspiration and a super role model for her high moral standards that was exhibited in her love for all the children. We are grateful for her helping the students to form the good habits of RECYCLING, REUSING and REDUCING to keep God's earth clean, green and beautiful! Be seen' you - Bin & Bug.

BRACKEN COUNTY CONSERVATION DISTRICT FISCAL YEAR 2012 ANNUAL REPORT

Soil Conservation Districts are governmental subdivisions of the state of Kentucky. Districts are created and authorized as a result of the 1940 Kentucky General Assembly passing enabling legislation KRS Chapter 262, which permitted local farmers to petition and establish conservation districts. In 1941, the first Kentucky conservation was organized.

The BCSCD is located at 218 Frankfort Street in Brooksville. In May of 2009, the Bracken County Soil District purchased their building, pictured above, to maintain a local presence in the county.

AGRICULTURAL DISTRICTS

In 1982, the Kentucky General Assembly set forth the agricultural district law. It is the policy of this law "to provide a means by which agricultural land may be protected and enhanced as a viable segment of the state's economy and as an important resource." The Conservation District Board of Supervisors acts as the administrative body for the agricultural districts. If land owners submit a petition, the conservation district board reviews it, notifies the fiscal court and other planning boards, and then submit their recommendations to the state soil and water commission.

COOPERATING AGENCIES

The Bracken County Conservation District is very fortunate to have cooperating agricultural agencies and businesses as a part of their ongoing program. These also play an important part in the lives of all landowners and farmers in Bracken County. The Conservation District sincerely thanks the following for their support: Natural Resources Conservation Service, Bracken County Fiscal Court, Farm Service Agency, Rural Economic, Community Development, Cooperative Extension Service, Division of Forestry, Department of Fish and Wildlife, Division of Conservation, Division of Water, *The Bracken County News*, the local banks: First National Bank of Brooksville, US Bank of Augusta and Citizens Deposit Bank.

The United States Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, or marital or familial status.

PURPOSE

The Bracken County SCD was organized as the 36th such district in Kentucky on September 15, 1943. The district's objective is to provide assistance and guidance in wisely managing our natural resources, soil and water, for the continued use of present and future generations. Proper land use and curbing soil and water degradation are two of the district's many ongoing objectives. Through the district program, the public is made aware of these problems, their efforts and possible solutions.

INTRODUCTION

The Bracken Soil Conservation District assists individuals, groups, organizations, city, county and state governments with solving local problems relating to soil and water resources.

The District Board of Supervisors meets the first Tuesday of each month to review the annual plan of work and the long range conservation plan. Activities and services are carried out to promote soil and water conservation throughout the year. Technical services rendered to applicants are provided by the Natural Resources Conservation Service.

By written agreement with and at the request of the Board of Supervisors, the Natural Resources Conservation Service (formerly SCS) provides professionals to help plan and carry out the district's goals.

BOARD OF SUPERVISORS:

Members of the Bracken County Soil Conservation District Board of Supervisors pictured from the left to right are Todd Klaber, Steve McKenney, Phyllis Holleran, Steve Buser, Eddie Hopkins, and John Michael Goecke. Tony Ramsey not pictured.

YOUR CONSERVATION PLAN

If you have any questions about the 1985, 1990, 1996, 2002 or 2008 Farm Bills, we will be glad to assist you. The office is located on Frankfort Street in Brooksville and the phone number is 606-735-3256. ext. 3.

Make sure that you have a thorough understanding of what your conservation compliance plan calls for. Remember, sow a cover crop after harvest on all highly erodible tobacco and silage corn fields by November 1st of each year.

The plan stays with the land. You must follow the existing plan or get a new plan if you buy or lease new land.

AVAILABLE EQUIPMENT

The Bracken County Conservation District has purchased two Great Plains no-till drills. The district also has a 3 point hitch sprayer to spray noxious weeds, two in-line bale wrappers (pictured below). These are all available for rent.

CONSERVATION DISTRICT ACTIVITIES

The Conservation District promotes and assists in the conservation of our natural resources by the following activities:

POSTER & ESSAY CONTESTS

The annual conservation poster and essay contests, sponsored by the Conservation District, *The Louisville Courier Journal* and Kentucky Farm Bureau, were very popular with local students. The theme for this year's contests was "Where Kentucky's Wildlife Are ...".

A total of 128 posters and 0 essays were entered by area students. Participating classrooms were honored with a pizza party. Haylee Burton entered the 1st place poster, Ryan Hamilton received 2nd place, and Caylin Sellers received 3rd place for their poster submissions.

WATER QUALITY/WATERSHEDS

The Conservation District has watershed maps available.

EROSION CONTROL

The Conservation District encourages farmers to use conservation practices to control erosion on cropland, hayland and pastureland. Such practices include minimum or no-till plantings, contouring, stripcropping and adequate livestock watering systems. This is done through the Natural Resources Conservation Service Offices by the news media, articles, field days and through farm planning.

RESOURCE CONSERVATION DEVELOPMENT (RC&D)

The Conservation District is a member of the Licking Valley RC&D Area. Supervisor John M. Goecke represents the Conservation District on the RC&D Council.

CONSERVATION FARM PLANS:

The 1985, 1990, 1996, 2002 and 2008 Farm Bills have placed much emphasis on farm planning and erosion control. The Conservation District and the Natural Resources Conservation Service continue to provide landowners' solutions in planning and establishing approved soil conservation measures for their land. A soil conservation plan for producers (tobacco, corn, etc.) is necessary to remain eligible for U.S.D.A. benefits.

STATE & AREA MEETINGS

The Area 5 Spring Meeting was held in March at Campbell County. The State Meeting was held July 29-31 in Louisville, KY.

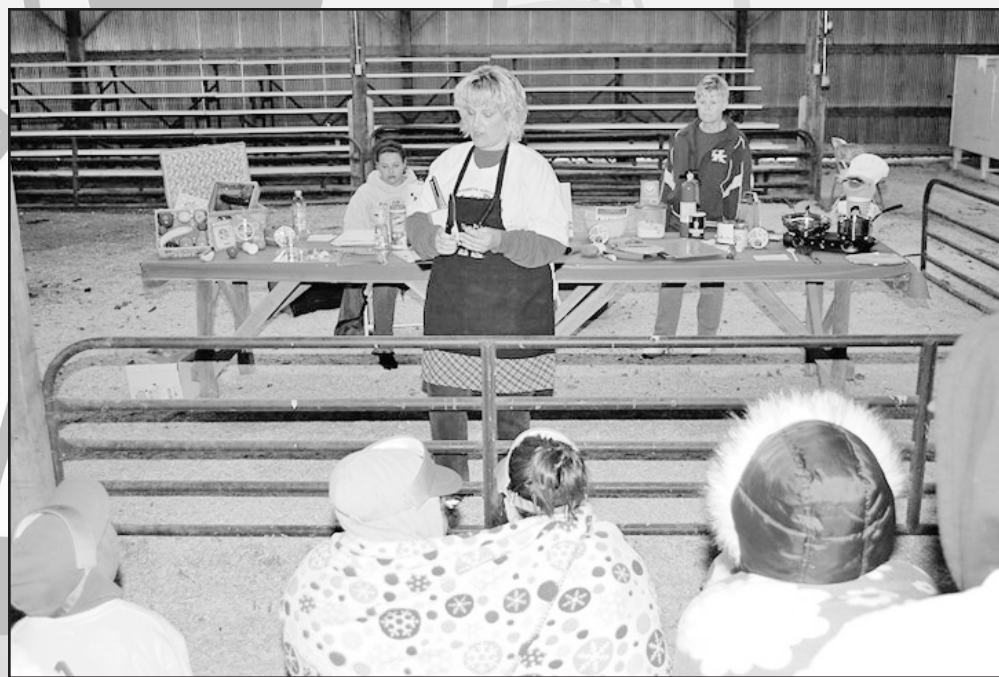

SPONSOR OF THE ANNUAL PROGRESSIVE AGRICULTURE SAFETY DAY CAMP

The Bracken County Conservation District helped sponsor the annual Progressive Farmer Farm Safety Camp at the Germantown Fair Grounds. This years' camp was held on Saturday, April 28th.

The Conservation District works closely with the county's school districts to offer numerous school involvement activities. Tree seedlings are distributed to all 4th grade students each spring. Earth Day T-shirts have been presented to all 3rd grade students to emphasize the importance of conservation of our natural resources.

Brooksville Volunteer Fire Dept. conducted a fire safety session using the Maysville Fire Dept. smoke house. Above a participant is pictured exiting the house.

Shannon Smith, Family & Consumer Service, and Donna Teegarden Bracken County Health Department, are pictured presenting kitchen safety.

Farm Safety Tips

Provided by: Neider Reynolds, Coordinator
Bracken County Emergency Management

Farm machinery safety and your bottom line

Farmers work long hours when they are trying to finish the harvest season. Accidents can occur when fatigue, stress and racing against Mother Nature are part of the end-of-season rush. Farmers should make sure operators are physically and mentally fit when operating tractors. In addition to stress and fatigue, medication, alcohol and drugs can factor into an unsafe driver. Encourage breaks to refresh the body and mind.

Even in the warmer climates, there are tractors without cabs. These tractors should come with, or have, a rollover protective structure (ROPS) and seat belts. More than half of all farm tractors in the U.S. are not equipped with ROPS. ROPS and seat-belts would save approximately 350 lives annually on U.S. farms. Tractor overturns without ROPS account for nearly half of agricultural fatalities.

Safety Tips

While tractors are an es-

sential part of agriculture, there are safety issues to consider while operating them:

- When dismounting tractors turn off the engine, remove the key and wait for all moving parts to stop.

- Never attempt to bypass start a tractor. It may be in gear and drive over the person in front of the wheel.

- Do not take passengers. There is only one seat available on the tractor and it is for the driver.

- Carry out regular safety inspections of equipment and facilities. Make necessary repairs and keep guards and shielding on.

- Develop a safety plan tailored to your operation, your family and your employees. Plans can include a lockout/tag-out program for equipment, a fire protection plan, a chemical storage plan, farm safety rules and regulations, emergency field communications, and a plan in the event a serious farm injury or death occurs.

- Review and enforce plans with employees and family members.

Letters
To The Editor

Twice before Bracken County Bar owners have ask for extended hours which means alcohol could be sold until 1 a.m. and consumed until 1:30 a.m. in all bars, with bars not clearing until about 2 a.m. This extension includes Sunday mornings. Twice before Magistrates have been ask overwhelmingly by their constituents to vote this down.

In a Class 4 city like Augusta such issue is voted on by the city, bars have extended hours because Law Enforcement is readily on hand. Rescue and Fire Department's are close at hand for accidents related to DUI's. This extension request asks for every rural bar in Bracken County to have extended time to serve beer. Our neighboring counties do not allow this for many good reasons.

First and foremost is safety and expense. Typically after midnight in Bracken County only one Deputy Sheriff is on duty. State Police stay very busy with the AA Highway when available.

Having our Fire Department's, EMT's and Rescue personnel available for health and accident calls keeps them very busy and is important to our entire county. Theft, drugs and alcohol have kept our Sheriff's Dept. very busy. So why extend bar hours and who will suffer physically and monetarily from it?

After listening to discussions concerning this topic throughout the county, I have been ask to remind citizens of the public hearing date for discussion on this matter. Please show up on Wednesday, August 22nd, 2012 at the Bracken County Courthouse Courtroom at 10 a.m. to express your concerns.

SOURCE OF TITLE: Being the same property conveyed to Keith Quitter and Lisa Quitter, husband and wife, by deed from Steven T. Hamilton and Nancy Jo Hamilton, husband and wife, dated April 25, 2005, recorded May 4, 2005 at Deed Book 176, Page 405, Bracken County Court Clerk's Records.

The property shall be sold to the highest and best bidder(s) and said purchaser shall be required to pay cash or the sum of ten percent (10%) of the bid price in cash deposit with the balance of the purchase price to be due and payable in cash or certified funds, within thirty (30) days from the date of sale. The purchaser shall be required to execute a bond, with good and sufficient surety, bearing interest at the rate of 12% per annum from the date which is thirty (30) days following the date of sale, until paid, and payable to the Master Commissioner.

The purchaser shall have the privilege of paying all or any part of the purchase price or paying said bond before maturity by paying the balance of the principal together with all accrued interest thereon. If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2012 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

Jakes Event held on July 14th

The Robertson County Shooting Sports coaches welcomed the Buffalo Trace Chapter of the National Wild Turkey Federation to their facility for a family fun day and Jakes Event on July 14, 2012.

Cloudy skies and hot conditions didn't stop the youngsters and their families from having fun. Shooting, archery, casting fishing poles, cornhole, turkey pluck, water guns, and other games were enjoyed. Prizes galore, free t-shirts, and lunch rounded out the day.

Youngsters attended from Robertson, Mason, Bracken, and Fleming County. The Buffalo Trace Chapter sponsors an annual Jakes event combining family fun, outdoor education, and hunting traditions.

Helping to make the day successful were Robertson County Shooting Sports coaches, DP&L, G&W Distributing, Back Yard Bait, Kettle Top, Maysville Sportsman's Gun and Pawn, Ed Johnson, Mark and Pam Fulton, Diana and Delilah Poe, Chris and Genda Highfield, Jim Young, Rusty Lovins, and Darrin Martin. All donations to the event were greatly appreciated.

CRP Participants May Request Authorization To Conduct Emergency Haying or Grazing of CRP Acres

The USDA Farm Service Agency (FSA) announces the opportunity for Conservation Reserve Program (CRP) participants to request authorization to conduct emergency haying or grazing on specific CRP acres. Authorization is based on a U.S. Drought Monitor designation of DO or higher for Kentucky Counties on or after July 19, 2012. Eligible producers who are interested in applying for approval to conduct Emergency Haying or Grazing of CRP land located in Kentucky must

request and obtain individual written approval from FSA before any haying or grazing starts. Participants will be assessed a 10 percent payment reduction on their annual rental payment for the acres actually hayed or grazed.

Interested CRP participants are required to submit a request to FSA and obtain a modified conservation plan to hay and/or graze under emergency provisions. The same acres may not be hayed and grazed under the same emergency designation. Emergency haying or grazing is not allowed within 120 feet of any stream or water body. Specified portions of each field or contiguous fields must be left or grazed with limited stock for wildlife purposes.

Emergency haying or grazing is restricted to specific practices that are 12 months

past being determined as fully established by the agency. Participants shall not start any haying or grazing activity until individual written approval is received for the CRP contract request. Approved haying authorization will end not later than August 31. Approved grazing authorization will end not later than September 30.

To take advantage of the emergency haying and grazing provisions, approved participants can use the CRP acreage for their own livestock or may grant another livestock producer use of the CRP acreage for the purpose of haying or grazing.

For more information and to request approval for emergency haying or grazing of CRP acres, contact the local FSA Service Center that administers the CRP contract.

Team USA shows anew why America is best, beyond all the medals

Flag waving time in America.

With our country’s problems – hateful political discourse; the national debt, racism, on to a national obesity problem (Walmartians) – those who say America is in decline are wishful thinkers (Hugo Chavez), whistling past the graveyard (Iranian imam), or just don’t get it (Cuba’s Castro brothers).

Nice, 104 medals at the 30th Olympiad, 46 gold, 29 silver, 29 bronze. Well ahead of China, Russia and the rest.

But there is more than metal here.

Team USA took 530 athletes to London, 269 women and 261 men. Females outnumbered males at an Olympiad for the first time. Of 104, the women won 58 medals – 29 gold, 14 silver, 15 bronze. The men’s medal count: 17, 15 and 13.

Superseding those totals and records set, is this: Opportunity. Title IX, a law passed in 1972 improved opportunities for women in sports.

With all our shortcomings, squabbles and shameless media rant to inflame, opportunity to succeed remain a linchpin to America’s place on the planet. China and Russia flail away, some say cheat, while American athletes push to achieve at ever higher levels because they (we) can. Many of our champions in athletics will rise to be leaders in years to come.

Opportunity to become best of the best.

Wave the flag. America, I love this place.

SUMMER HOOPS TOP STORY?

Top story from summer basketball circuit? Take your choice ...

1. American men and women won gold medals at the Olympics in London.

2. Jabari Parker. A report this week said the nation’s number one college prospect has narrowed his college list to three—Duke, Kansas and Michigan State.

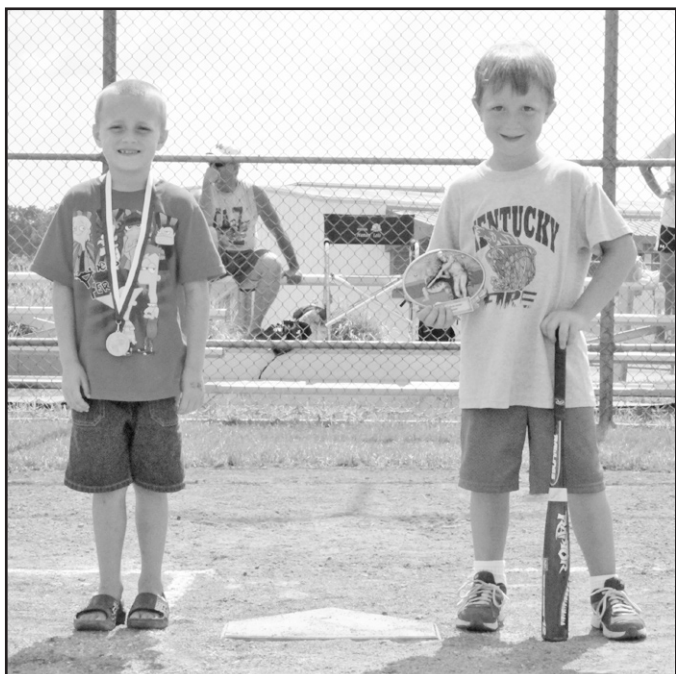

3. Nerlens Noel is academically eligible to play at Kentucky.

4. Or, is it Kentucky’s rise in the sports licensing industry?

According to internet site Bleacher Report, University of Kentucky deposited \$6.73 million in merchandise royalties during fiscal year ending June 30. Near a 40 per cent increase from 2011.

NCAA Basketball National Champions t-shirt sells for \$24.95. A UK basketball jersey – \$74.95.

In a \$4.6 billion industry, Kentucky climbed from seventh to third place in revenue rankings behind only Texas and Alabama (football schools?).

BEST OF BEST

USA’s men’s basketball team cruised to another gold medal and got the ultimate celebrity treatment doing it. Mike Krzyzewski would have it no other way, yet, the head coach has arrived at an extraordinary place in sports, seems to me.

Krzyzewski is more than college basketball’s winningest coach (and counting), more than leader to four NCAA titles at Duke. His two USA gold medal unbeaten teams at the Olympics are stellar achievements also.

Yet, beyond those statistical accolades, Krzyzewski is becoming an American icon for success certainly, but more for humility, integrity and emphasis on what a college coach should be, an educator invested in educating those who need one.

Krzyzewski is indeed a Man for all seasons in all sports.

Best of the best.

KENTUCKY OLYMPIANS

The Commonwealth made a solid contribution to Team USA’s success in London.

Reese Hoffa, born in Louisville, earned a bronze in the shot; Tyson Gay of Lexington, won a silver in the 4x100 meter relay; Claire Donahue, a Western

Kentucky University graduate won a gold medal in butterfly leg of 400-meter medley relay.

Angel McCoughtry, University of Louisville graduate earned a gold in women basketball. And, capping off a year for the ages, 19-year-old Anthony Davis has a gold medal too.

GENUINE FAB FIVE

Fab Five. Bravo to the British for applying a nickname worthy of its characters. American gymnastics gold medal winning quintet – Gabby Douglas, Kyla Ross, McKayla Maroney, Aly Raisman and Jordyn Wieber – are destined to make lots of money.

I hope America’s new Fab Five inspires ESPN editors to drop its tiresome and fraudulent feature still being aired called Fab Five, referring to the 1991 University of Michigan basketball team that won nothing except disdain and responsibility for NCAA ordered taking down UM’s Final Four banner. And, it earned a classic laugh line from one gushing sports writer who called the Wolverines “one of the most intellectually intriguing teams in history of the game.”

RAINEY A RAVEN

Former Western star running back Bobby Rainey is still in the hunt for a job with the Baltimore Ravens. In an exhibition game last week, the Baltimore Sun reported, free agent Rainey rushed 12 times for 36 yards, caught three passes for 28 and a touchdown. He also returned six punts for 50 yards and a kickoff for 26.

“He’s a football player,” coach John Harbaugh said. “(Rainey) did the same things in the game today he’s done in practice. And that’s what you want to see. You want to see guys carry it over.”

WORTH REPEATING DEPT.

Gauging his team’s preseason work so far, Western Kentucky football coach Willie Taggart remarked last week a “noticeable absence of ‘Freddie Soft.’

Freddie what?

Freddie Soft, Taggart explained, is “a small guy who sits on players’ shoulders and tells them not to work hard. The coach is happy to report that Freddie Soft has not made an appearance at practice yet this year.

“We still have a lot of work to do,” he said.

But Freddie Soft has not been a problem.

And so it goes.
